

The Teen Center is located on the mezzanine and was designed specifically for the use of the middle and high school students ages 12-18. All other patrons will be asked to leave.

Teens using the Center must obtain a teen library card which will be required to enter. To get this card teens may use their school ID, previous registration information, or by following the library policy in place for obtaining a library card. Anyone not having this card will be asked to leave the Teen Center.

A teen library card is required to be able to play games and checkout game components. Damage to gaming equipment or library property is the responsibility of the user. No personal games may be brought in and used in the Teen Center. The Teen Center computers are available on a first-come, first served basis. Computers in the Teen Center are limited to 60 minutes and can be extended if there is a real need. A teen library card and a pin number are required. The library is also Wi-Fi accessible and teens may avail themselves of the free Wi-Fi network if they have a laptop.

Teen Programs are designed and developed with the wide age range of youth served by the center. Any teen engaging in disruptive behavior during a program will be escorted out of the Teen Center and the library.

The library expects teens in the Teen Center to follow the rules and regulations for the Teen Center and all other library policies. Failure to do so will result in the loss of library privileges.
